## Selectmen's Report

In spite of the poor economy, we accomplished a lot in 2009. We were able to redo the sheathing and shingling of the Town Hall roof. A windstorm last winter damaged many shingles and we had \$10,000 worth of interior damage from leakage. With help from insurance money and a very competitive economy, we were able to get a top-notch job for much less than anyone thought possible.

We awarded a bid to Glassource to replace all of the Town Hall's exterior windows with low E glass energy efficient windows. This should even out the temperatures in the Town Hall and reduce our utility bills winter and summer. We have replaced the Bangor Hydro Standard Offer with Glacial Energy as the supplier of our electricity for our Municipal buildings. This should result in a significant savings to our taxpayers hopefully in the 8-12 % range. Our deep well pump finally played out and we replaced it with a new more efficient one. We upgraded our three main computers to be able to handle the newer versions of our Municipal software. We get about 3-4 years out of each generation of computers. We purchased another Traffic Speed Monitoring sign. These have been well received by the citizens and we are constantly asked to place them near their homes. There is evidence that these signs do slow traffic. We are investigating Grant proposals that are designed to help increase broadband connectivity in Blue Hill.

The biggest project of all was the Sewer extension Project. All of us at the Town Hall have devoted hundreds of hours to this project. When this project is completed, 45 additional hookups will be added to the system. The South Street extension should be completed by the end of March. The Mines road portion will be started in the spring when the State allows us to work in the road. The project came in under bid by \$600,000 so we are planning to use the unspent money to continue up Greens Hill to the pottery place or beyond. This should add another 15 properties to the Town owned sewer line. The Federal Government requires us to use loan funding (that we must payback) before we can use the Grant Funds (that we do not have to payback). This is truly a "use it or lose it" scenario. There is no point in returning Grant Funds when they can be used to further benefit the Town. This infrastructure expansion is important to the Town. However, we are aware of the disruptions created during the construction process. We do appreciate everyone's patience and understanding as we work towards finishing this project as soon as possible.

This year we have taken on a line dispute at the South Blue Hill Wharf that has been unresolved for over 20 years. For the last 12 months, we have been in ongoing negotiations with our neighbors and their attorneys to come to an amiable solution. We hope to have an agreement ready to vote on by the 2009 Town Meeting and that this line agreement will be in the best long-term interest of all parties.

We have approached our budget in anticipation of diminished revenues. We are confident that we will continue to provide effective municipal services and still protect our vital operating surplus.

This year's warrant has six ordinance articles in it. The State is coming up with a new Statewide Building Code that we will be expected to implement. It is time for us to adopt a **Building Permit Ordinance** to replace our **Notice of Intent to Alter or Construct Buildings Ordinance**. The State has also mandated new **Shoreland Zoning Ordinance** changes that we have been diligently working on to mitigate the effects on our citizens. Our **911 Addressing Ordinance** needs to be updated to reflect safety concerns. We are also proposing a **Shellfish Ordinance** that the Harbor Committee has been working on. We will be voting on a **Communication Tower Moratorium Ordinance** and a **Wind Turbine Moratorium Ordinance**. These should all make for a lively Town Meeting. Please attend. Your opinion matters.

Thank you for your support.

**INDEPENDENT AUDITOR'S REPORT**

June 25, 2009

To the Board of Selectmen  
Town of Blue Hill  
Blue Hill, Maine 04614

We have audited the accompanying financial statements of governmental activities, each major fund and aggregate remaining fund information of the Town of Blue Hill (the Town), as of and for the year ended December 31, 2008, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements and schedules are the responsibility of the Town of Blue Hill's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Town of Blue Hill, Maine as of December 31, 2008, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2009 on our consideration of the Town of Blue Hill, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis on pages 3 -5 and budgetary comparison information on page 20, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinions on the financial statements that collectively comprise the Town of Blue Hill's basic financial statements. The introductory section, other supplementary information and the schedule of expenditures of federal awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The other supplementary information and schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Respectfully submitted,

## Fire Chief's Report

Dear Fellow Citizen,

The Engine 3 fire truck purchased in 2008 has proven to be a tremendous asset for fire suppression and accident scene safety in Blue Hill. The purchase of this unit was made possible through your continued support and support from the non profit organization, Blue Hill Fire Co., who continues to contribute \$16,000 annually to offset loan debit payments.

We continue to see calls for assistance with fires; structure, vehicle, chimney, car accidents, EMS Assists, smoke / odor / alarm investigations, and wires/trees down / roads blocked. In 2009 we saw an upsurge of structure fires in town, and in surrounding communities where we provide mutual aid by request.

Some other accomplishments and acquisitions this year were;

- Purchase of seven new Self-Contained Breathing Apparatus (SCBA) units for Interior Fire Attack / Hazardous Atmosphere situations. (\$32,000)
- A completed vehicle repaint on our 1995 Rescue 7 (Utility) truck (\$16,000)
- An upgrade of the fire station lighting to more energy efficient units. (\$1,600)
- Purchase Assorted safety equipment for accident scenes (\$630)
- Forestry Firefighting Gear (\$1,360)

Many of these items were made possible through grants and donations to the department, which we continue to apply for / seek in an attempt to lessen the cost to the taxpayers for the operation of a fire department.

December 10<sup>th</sup> of this year, Blue Hill Fire will be one century old and our direct longevity is related directly to your continued support for which we are so grateful.

Peninsula Ambulance Corps  
PO Box 834  
Blue Hill, Maine 04614  
(207) 374-9955

Emergency: 9-1-1 (TTY/voice compatible)

Annual Report to the Towns

2009 was an interesting year at the Peninsula Ambulance Corps. A 13% drop in call volume was mixed with a global recession to produce a daunting challenge. Perhaps the economic downturn played a role in this, or perhaps people were generally healthier—or luckier—in 2009. Whatever the cause, PAC found itself in the somewhat uncomfortable company of the State of Maine as its revenue projections fell short.

But challenge is nothing new to Peninsula Ambulance. Founded in 1968, by a small group of concerned citizens, PAC has kept its doors open day and night ever since. With that in mind, we sought creative solutions. Education programs that are normally expensive were brought in-house where we could offer them to employees at a greatly reduced cost. Supplies were ordered on a “just in time” basis to reduce expenses and to increase efficiency. Ambulance repairs and maintenance were scheduled to reduce the amount of time that the vehicles were unavailable. Each effort was small in and of itself, but all of them combined to keep costs under control.

Peninsula Ambulance is a small company by most standards, but we play a large role in the greater EMS community. One staff member currently serves as the chair of the Education Committee for this region of the state. Another is the secretary of the Maine Ambulance Association. We have a long and distinguished history of producing educators and administrators, and our standards for employees are high. This is one way that we keep our promise of delivering high quality care to our patients.

Day-to-day operations remain our top concern and are the reason for our funding requests to the towns we serve. Federal legislation that bolstered payments to rural ambulance services like PAC expired on December 31, 2009. PAC has been working with the Maine Ambulance Association and the American Ambulance Association to keep this issue in front of our congressional representatives. With health care reform in flux, PAC will see a decline in its Federal reimbursements for an indefinite period of time. Consequently, we foresee an increased operating loss next year.

Both Federal and State regulations make it impossible for PAC to compensate for this loss in the same way most businesses would. We cannot increase the fees we receive for our services, as they are set by the Center for Medicare and Medicaid Services and by contracts with other insurers and do not allow any increase in reimbursement to cover increases in our costs. Nor can PAC cut expenses by denying services to people unable to pay or by eliminating life-saving, high-cost services that produce little income. We must find other sources of revenue to fill the gap.

This is why we turn to the towns on the Peninsula. You have been providing assistance to PAC for over fifteen years. Your generous support, combined with that of private citizens from our annual fund-raising campaign, is what enables us to balance our budget and to continue providing an essential service to our community. For this, we thank you.

Following are call figures as of December 31, 2009.

Town	Resident Responses	Incident Responses
Blue Hill*	163	549

\* Includes 360 incident responses to Blue Hill Memorial Hospital - usually for inter-facility transport.

A Resident Response indicates the town in which the patient lives regardless of where they were picked up. An Incident Response indicates the town in which a patient was picked up regardless of where they actually reside.

PAC is registered as a 501(c)(3) non-profit corporation. All contributions are tax deductible to the extent allowed by law.

BLUE HILL PUBLIC LIBRARY

Here is a brief report about activities at the Blue Hill Public Library during 2009. For more information about library activities, budget information, or to receive the full annual report (published in March) please call or e-mail Rich Boulet, Library Director.

Summary

- Library Journal once again named the Blue Hill Library as one of America’s Star Libraries, among only 256 in the country and only 4 in Maine.
- Circulation of the library’s book, magazine, audiobooks and movie collections numbered 119,743. This is an average of 395 checkouts or renewals each day. The 2009 circulation total was 3.8% lower than 2008, which was our busiest year on record.
- We counted 127,012 patron visits, slightly higher than the previous year. Program and community meeting attendance is included in this total.
- 714 new Library cards were issued in 2009.
- Use of the library’s computers numbered 14,564 sessions, a decrease of 17.7% compared to 2008. However, wireless Internet access totaled 20,261 sessions; 11% higher than 2008. This figure represents an average of 67 sessions each day. In short, more people are using their own computers at the library.
- We provided a venue for 437 community meetings, lectures, senior colleges and other community-sponsored public programs.
- The library also sponsored an additional 377 events for all ages, from storytimes to lectures, with 5027 total attendees.

For 2010 the library’s budget is as follows:

	2009	2010
Income		
4000 - Government Grants		
4000.1- Town of Blue Hill	66,000.00	69,000.00

	(9,878.40)	(0.00)

Library Organization

We remind you that although we are a PUBLIC library (i.e. free to all), we are organized as a non-profit 501(c)3, governed by a Board of Directors and dependant on you for your contributions that allow us to provide service. We continue to request financial assistance from nearby towns that do not have full service public libraries of their own, and whose residents depend on our services. Funding from tax-based sources accounts for just under 20% of our operating income. Thank you to all for your individual and tax-based contributions.

## HARBORMASTER REPORT

Dear Fellow Citizens,

This year we completed extensive maintenance to all floats and finger piers at the Village as well as at the South Blue Hill wharfs. Two new 4500# moorings were added at South Blue Hill to better assist in holding the dock at this location because of its “open sea” threat. Ultimately, when all floats were hauled out in the fall we were pleased to find minimal routine maintenance is all that will need to be completed in the spring.

We have worked closely with the Marine Resource Committee and Selectmen to finalize the North Boundary Line Agreement at the South Blue Hill Wharf with the Stevens Family.

The time is upon us when we must focus on the in town wharf in Blue Hill Village. The wharf will need to be replaced due to the extensive deterioration and rot of the crib work, fill and asphalt pavement. The condition is getting worse each year and we should plan now for its replacement.

I would like to take a moment here to thank Phil Black and all members of the Marine Resource Committee for their guidance and to John Chapman, Administrative Assistant, for all their help and support this past year. These people help to manage one of our most valuable resources in town, the waterways. We work to preserve them for our collective continued need, use and entertainment.

I wish again to thank the citizens of Blue Hill for their continued support.

Respectfully Submitted,

Denny Robertson, Harbormaster

## Tree Warden's Report

Anyone who tried to grow a garden last summer will remember that it was a challenging season. May was wet and June was “delugious” and anyone who thought, “This can’t go on,” was proved wrong in July as the rains fell and fell. Many crops were stunted or rotted in the ground. And then the late blight came along and killed the potatoes and tomatoes just as they were beginning to ripen. It was disastrous.

But not so for the trees. They loved it, especially the elms. The elm is a riparian species, meaning that it evolved on riverbanks, and the elms just drank up all that water and held out for more. 2009 will go down as the first year in decades that Blue Hill didn’t lose a single elm tree to Dutch Elm Disease. Knock on wood. Almost all the trees had a good year in 2009. The exception was the maples, particularly the Norways, which developed a leaf fungus called Tar Leaf Spot and lost their leaves in August.

There were two events in the past year that stand out in my mind. The first was planting the Fred Fehrle tree in the Ruth Hayes field on the shoulder of Blue Hill Mountain. It was a Bur Oak and had been given by an anonymous donor in Fred’s memory. The tree got plenty of water last summer and had been fertilized by Fred’s ashes, which his daughter had placed in the planting hole. It got off to a great start and is doing well.

The other memorable event occurred early in 2010. The largest elm in New England, “Herbie,” in Yarmouth, succumbed to Dutch Elm Disease, and tree wardens from all over the state gathered with Frank Knight, the 101 year-old tree warden of Yarmouth to watch the tree come down. Frank’s assistant, Deb Hopkins, had contacted me months before because they had heard about the elm cutting board project that Blue Hill pioneered in 2002 and they wanted to do something similar. I provided them with photos and detailed descriptions of how we had cut up and dried the lumber from a 190-year-old elm that came down in Blue Hill. I also sent them a complimentary Blue Hill elm cutting board.

“Nothing lasts forever,” Frank Knight said shortly before the tree came down. “He’s had a good long life and so have I.”

## Blue Hill/Surry Transfer Station (*Recycle, It's the Right Thing to Do*)

The Blue Hill-Surry Transfer Station has made it through another year in relatively stable condition. The recession has had a serious effect on our finances just as it has on yours. The prices that were offered for our recycled commodities were substantially below the levels we received the last few years. We adjusted on the fly to accommodate lower revenues.

We sat on most of our accumulation of newspaper, plastics, cardboard and metals and waited until the prices went up. Towards the end of the year, we shipped out most of what we had to keep the budget within striking distance. We received approximately \$30,000 less in revenue than we did last year. Part of that reduction was due to lower prices and less consumption. There were less recyclables because of the economy.

For most of this year, we have been taking TV's for free. As long as we are able to fill an 18-wheeler full of TV's we can ship them without a pickup charge. We intend to do this as long as it is practical.

After 20 years of hard use, our forklift wore out. We had to purchase a new one. This coming year we will be doing major repairs on our bobcat loader.

The annual survey of our demolition landfill showed a large increase in the volume of debris buried. There is some concern that we are using the landfill space up quicker than we had hoped. This coming year we will see if the next survey supports last year's figures or if it was an anomaly. In any case, we need to increase the amount of money set aside for the actual closure of the landfill portion of the Transfer Station. We currently have over \$500,000 set aside for this closure. The final cost could be much higher than that. We have increased that line of the budget and we will be increasing the disposal fees that the users currently have to pay. We have not increased the fees in over 10 years even though disposal costs have gone up dramatically.

As a cost saving measure, we have decided to allow the current Transfer Station Stickers to remain valid for at least another year. That means last year's sticker does not have to be replaced. Overall, the Transfer Station is running smoothly 7 days a week. We hope we are meeting your expectations. The Transfer Station Committee meets the fourth Tuesday of every month at the Blue Hill Town Hall at 7:00 pm. We welcome visitors.

**ARTICLE 77-**To see if the town will vote to authorize the school committee to take the sum of \$44,952.26 from the Medicaid Reimbursement Fund and apply that sum to the school general operating budget during the 2010-2011 fiscal year.

**ARTICLE 78-**To see what sum the town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (Recommend: \$2,632,874.30) for the July 1, 2010 to June 30, 2011 fiscal year and to see what sum the town will raise as the town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, Section 15688.

Appropriated 2009-2010	\$2,476,457.36
Recommend	\$2,578,331.30

"Explanation: The school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of state dollars."

**ARTICLE 79-**To see what sum the town will raise for the annual debt service payments on a non-state-funded school construction project or non-state-funded portion of a school construction project for the July 1, 2010 to June 30, 2011 fiscal year in addition to the funds appropriated as the local share of the school administrative unit's contribution to the total cost of funding public education from kindergarten to grade 12.

Appropriated 2009-2010	\$ 9,724.12
Recommend	\$ 9,080.37

"Explanation: Non-state-funded debt service is the amount of money needed for the annual payments on the town's long-term-debt for major capital school construction that is not approved for state subsidy. The bonding of this long-term debt was approved by the voters on September 25, 1989."

**ARTICLE 80-**To see what sum the town will raise and appropriate in additional local funds for school purposes for the July 1, 2010 to June 30, 2011 fiscal year.
